

A-TEC PMM-6 9MM PISTOL SILENCER

A-TEC is a Norwegian company with 20 years of experience with silencer manufacturing. A-TEC PMM-6 is a high performance silencer that is one of the lightest and most efficient pistol silencers on the market. The PMM-6 is a silencer with a unique spring loaded piston, made to work with modern 9mm semi-auto pistols with different types of ammo.

A-TEC decided to introduce the revolutionary Modular system on the PMM-6, allowing the operator to reconfigure the silencer to shorter and more compact design. The PMM-6 has 6 modules that are made from a light alloys. The silencer is constructed from Aluminium and stainless steel.

The silencer is constructed from Aluminium and stainless steel. The spring loaded piston (Nielsen devise) and the modules will need to be disassembled, cleaned every 300 shot, and lubed (greased) up again.

OVERALL PERFORMANCE:	32 DB(C) DRY (WET 36DB(C))
FIRST ROUND POP:	37 DB(C) WET
BEST PERFORMANCE	38,1 DB(C) WET
SILENCER WEIGHT:	215 G
DIAMETER:	34,4 MM
OVER BARREL LENGTH:	10 MM
ADDED LENGTH:	185 MM
TOTAL LENGTH:	195 MM
MATERIAL	ALUMINIUM, STEEL
TREATMENT:	BLACK ANODISED
AVAILABLE CALIBRES:	9X19
AVAILABLE MOUNTING:	1/2"-28 UNEF, M13.5X1 LH, M13X1
